3rd Quarter

1993

50 Year ARRL Member Award Given to Stanley Hall, W6OWT

Stanley Hall was first licensed as W4EKB in 1935 while a student at Madison College, Tennessee. He went on the air in 1938 as W6OWT from Mountain View, California, where he spent 22 years at Pacific Press. Amateur radio activity was interrupted by a six year tour of active duty in the U.S. Naval Reserve; stationed at Pearl Harbor through the period of hostilities, then a year at the 12th Naval District in San Francisco as Headquarters Comm Officer. The W6OWT station logs in the 1950s reveal several venerable calls of stations that checked in on early morning rag-chews: W6BUX, Walt, now N6UX; K6DSI, John; K9EKP, Warren; W6IWD, Art; W6WWT, Don; W6ZTY, Guy; and several others some of whom are now "silent keys". The West Coast Bible Study Group emerged from this group.

Stan's avocation became his vocation with the launch of Sputnik-2 in 1958 when he joined the Radioscience Laboratory of Stanford University as a Research Assistant, and later, Associate. Twenty years of fascinating investigation into the nature and behavior of the ionosphere using artificial earth satellites as signal sources, followed. Projects involved design, procurement, construction, installation, and operation of various special communication equipment for receiving and recording satellite signals. The data collected provided the research material for several doctorates in electrical engineering at the university.

Although Stan retired in 1977 and moved to North Fork, California in the central Sierras, he has continued to collaborate with former associates in some specialized ionosphere research projects.

The awarding of the ARRL's 50 year memorial plaque came as a surprise to Stan at a recent meeting of the Mountain Amateur Radio Club in Oakhurst. Chuck McConnell, W6DPD, Director, Pacific Division, ARRL, made the presentation. It is a ceramic tile plaque mounted in a solid walnut frame and was much appreciated.

From the President... Jim Hoffer, KW8T

With this issue we are proud to include the very latest log of SDA hams. Please forgive the fine print! There are so many of us now!

This list includes both paid AARA members and non-paid. Throughout the history of the AARA, we have always tried to manifest an "inclusive" attitude, even though it makes our list a bit cumbersome. We want to know about all SDA amateurs, whether or not they want to know about us!

Of course, there are many reasons not to join AARA—lack of being active on the radio, possessing one of the lower licenses such as novice or technician, looseness of church affiliation, life in transition, etc. But perhaps this is one more way of reaching out to them, and hopefully some will respond. Let us never overlook the evangelistic potential of our organization.

You will also notice that we need current addresses for

several. Please report any additions or changes directly to Carroll Westermeyer, KE6UL.

I have yet to receive any input from my last editorial, regarding 1995 elections.

New ideas come to us from time to time, and here is one from our public relations director, Wayne Martin, N4BDY. His letter is so interesting that I am going to quote it in full right here:

"Today I received a letter from one of our association members in California asking if I knew of any single lady amateurs. He is 34 years old and looking for a girl friend. I don't think the amateur radio part is as important as finding the lady. Anyway, he sparked an idea that we might pursue.

What would you think of the idea of running an item in our newsletter asking the singles who might be interested in having their own net to contact us. *Continued on page 2*

From The President . . .

Continued from page 1

I have no idea how many there might be, but the singles like to do a lot things together and having a singles net would be a nice thing. It would probably help some who are lonesome and need someone to talk to. They could also trade ideas for solving some of the problems peculiar to singles.

The second idea would be to work through the national singles organization and promote amateur radio and the singles net. If they accept the idea, we could work with some of the local singles groups and promote it. I think it would be a great idea. When my wife is gone and I get lonesome, I get on the air. I think it would be great for singles. Incidentally, I know of a widow, about 20 miles from here, that helped with a net working for senior citizens, and she eventually married 'net control'.

Let me know what you think about it and we can go from there."

Thanks, Wayne. Well, singles, what do you think? Let us hear from you.

I also wanted to mention in this issue that a recent article by Dusko Doder in the Baltimore Sun (April 12, 1993) highlights the work of ADRA in Yugoslavia and specifically mentions ham radio. One paragraph says, "The ham radio operators and the Seventh-day Adventists provided a lifeline to the outside world for an estimated 60,000 forgotten Serbs who remain in Sarajevo -hostages of a war that seems unending - and for the friends and relatives who are desperate for news of them."

A lifeline. That's what I want to be.

Letters From Our Members

This issue includes several letters/notes that were sent to Norm Barney, N8AJ0 along with their AARA membership dues. Three other letters can be found throughout this newsletter.

Peter Luchak, N8ZEG, says "the Collegedale, TN club got us inspired to join the ham world!" Peter and his wife, Rachel, N8ZEF, plan to move to Japan this fall.

Lourette Remington of Chicago writes "I am so excited to learn that AARA exists. Within the next month (as of 7/12/93) I will be taking novice and maybe even my technician exam. I am part of the current center handy ham and I'm hoping to be able to go to Handy Ham camp in Bemidji, Minnesota the end of August. I would like to know if there are any AARA members in this area that I could contact."

1994 SDA QSO PARTY DATE:

Saturday, January 22 0200 UTC to
Sunday, January 23 0200 UTC

See the next issue of AARA News
for the QSO party rules.

News From Australia

By Peter Truscott, VK2EWD, Associate Executive
Director of ADRA, Wahroonga, Australia

I have been rather inactive in amateur radio over the last several years, as I have been pursuing a masters degree as well as full-time traveling employment. But now that the masters is out of the way, I am reactivating my interest in amateur radio.

In fact, we are exploring the possibility of setting up a club station in conjunction with our ADRA South Pacific Division (SPD) office, as this would be extremely useful, particularly in times of disaster when normal means of communication are inadequate or inoperable.

We have gradually been attempting to build up a network of Adventist amateurs in areas that we have projects. We are using HF amateur transceivers (on frequencies assigned by Cambodian authorities) for contact between our ADRA director in Phnom Penh and two project sites in outer provinces of Cambodia, one at Siem Reap and one at Kompong Thom. Occasionally when I visit Cambodia, I manage to make new contacts from there.

As well, we have an Australian project adviser in Chimpempe in the north part of Zambia, and this man, Ron Ringrose, is currently working on his license.

We are also exploring the possibility of getting involved in packet radio. If any members of AARA have surplus equipment which would help us establish our club station here at ADRA SPD, we would be very grateful to receive such. Since our main supply here is 240 volts, we would prefer DC equipment rather than equipment with built-in power supplies, as we have adequate access to external 13.8 volt power supplies.

Anyone with surplus equipment can contact Peter at: ADRA, South Pacific Division, P. O. Box 129, Wahroonga, NSW 2076 Australia (Fax: 02-489-7790).

Ham radio operators gathered at Michigan Camp Meeting
June 26, 1993, Cedar Lake, Michigan.

Ham Looking For Tube Equipment

From Bob Forman, W9RJH (Romeo Juliet Hotel, a love story!)

Herewith dues for a year and I'm hopeful that I'll be around longer but the odds probably don't favor it. I'm 78 years old and with one foot on a banana peel, I sometimes wonder.

I'm working on another project or two and wonder if AARA is shipping any tube type equipment to the mission field these days. Presently I am trying to learn what the Lutherans are doing, if anything. I have a friend who left me a 75A4 Collins receiver which I suggested to his widow, be sent to a mission service and because he was a Lutheran supporter for a lifetime, figured that it would be a proper thing to at least suggest. Presently I'm trying to find out what the radio is worth and whether it will go better as a collector's item converted to a current model transceiver. If AARA has a Collins collector on board, they should contact me. This is a three digit serial original 75A4 which has had some updating, according to the owner's manual and according to a friend who does some writing on the

collecting game, it may be worth up to four figures if it has the proper built-in accessories.

When I sold my SX-88 about three years ago, I sold it before I knew what it was worth and did so for \$350. A couple hours later I was offered \$1,000 for it if I could get out of the deal, one of those proverbial stories you hear about. I replaced it with an ICOM R-71A which I really don't like as well as the old SX-88. Today they are going for well over four figures. For mission use, my choice would be a good transceiver with a solar power supply. My own HF rig is a Tempo One (Yaesu 250w on the foreign market) but most of it is tubes.

If AARA sends used tube gear to the mission field, let me know. I may be able to locate some usable receivers, if not more. Drop me a line if you have any thoughts on the mission field gear.

Bob can be reached at: Box 50, Monmouth, IL 61462; Phone: 309/734-6127; 24 Hr Fax: 309/734-3447.

A Family of Hams

From Brent Hildebrand, KH2Z (ex WB8JYZ)

I recently received information on your membership drive and thought I'd send in my dues. I have seen with interest your packet list. My interest in amateur radio has continued over the years. I started in amateur radio in 1971 and was very active on the 15 meter South American net for my home QTH at Berrien Springs, Michigan. I won the SDA QSO party in '73 or '74 mostly do to poor propagation conditions. I moved to Walla Walla College in Washington in 1975, graduating in 1977 with an electrical engineering degree.

That year I moved to Loma Linda, California and attended medical school, graduating in 1980. I have been for the most part, a resident of Southern California since. My Guam call is the result of having a cousin (Steve, WB8JZY) living there and making several trips to the island. The 2x1 was too hard to pass up. And knowing that KH2Z was the next call to be issued, thanks to packet bulletins, I changed calls.

Over the years, my family slowly developed an interest in amateur radio. Now the number of family licensed is at 16. My wife, Jeanne, KB6HFC; Her sister Marge, KC6HYG; brother Joe, N6UOA; mother Betty, KB7LHU; father Bill, KB7LHV. My mother Dorothy, K8RCW; sister Kathy, N8RCO; and brother-in-law Randy, N8RCU; nephew Chris N8QNS and his wife Josie, N8QNR. An uncle Leroy, KB8KT; and another uncle Gene, N6PLW; aunt Jean, KD6FRK; and cousins Steve, WB8JZY; and Bruce, KC6QND. And there are others interested and may soon obtain a license.

(Editor's note: This is quite a record of hams in the family!! Can anyone else surpass this number? If so, we'd like to hear about it.)

Charlene Tinkham, KE4DEC and Bill Adam, KE4QS, of Collegedale, Tennessee, were married on June 20, 1993. Approximately 40 hams were among the guests at the wedding. Photo by Julie Brude, KA8YXD

Lake Titicaca Update

By Rodney (WB6QDN) and Barbara (WB6QDK)
Benson

A letter from the Lake Titicaca Mission arrived June 7. They have received the radio transceiver donated by Dr. Troy Jacobs. They expect the six Yaesu units to arrive soon. These are difficult days for believers in Lake Titicaca where there is only one ordained minister for each 3,019 members. In recent months, Guerrilla terrorists have killed four church elders, two deacons, and two group leaders. Three pastors in remote areas are being constantly threatened. We must thank God for church leaders who are willing to stand for Jesus and die for their faith. The Mission President writes that the gift of six radio sets is a special blessing for these trying times. He reminds us that they still need two more sets. Anyone interested in helping may contact Rodney or Barbara at 209/224-1514.

15 meter antenna at the QTH of Richard Maxham, W8INP, Monterey, Virginia. "A neighbor asked if this was an elaborate watering system for the garden!"

"Strange Coincidences" in Ham World

By Julie Brude, KA8YXD

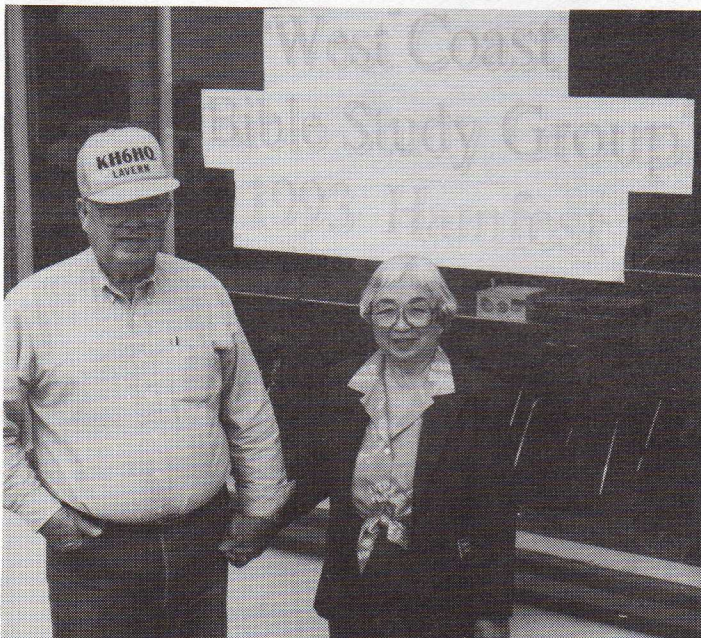

The 4th quarter 1992 AARA News had an article about hams moving to the small town of Lehr, North Dakota, written for the Minot (ND) Daily News by Jack Bone, father of Jack Jr, KL7GKY. In one of Jack's recent editorials he wrote "Our son (KL7GKY) made contact with a fella named Clyde in Paradise, California."

When Jack Jr. disclosed he was a former North Dakotan, Clyde wondered if, by any strange coincidence, may have known his grandson -name of Rob Kearbey, also a

ham radio man, and a Seventh-day Adventist minister at Lehr, ND. Jack was almost too floored to answer. Finally, he managed to reply: "He's my neighbor and my pastor during the part of each year I live in Lehr."

Another strange coincidence (or is it??), we just happen to have a picture of Clyde, WB6ECK, and his brother Carl in this newsletter. Thanks to Rodney Benson, WB6QDN for sending the picture which was taken at the West Coast Bible Study Group Hamfest in July. Talk about timing!!

Bits & Pieces

1. The Georgia-Cumberland Conference Emergency Disaster Service Van which will be equipped with a complete HF radio station. Construction work on the van is being done by Nels Angelin, AB4HL, along with a few other members of the Collegedale Radio Club.

2. 10,00 watt diesel generator.

3. The control panel for the 10,000 watt diesel generator.

Photos by Erwin Bishop, WB7ATT

- The Arizona Chapter of the AARA was held on June 13 at Camp Yavapines. The officers for the new year are: President, Chris Christian, KC7CU; Vice President, Norm Huey, KA7EQV; Sec/Editor, Al Ross, K7CT; and Treasurer, Hedy Dunford, KA7JJE. It was voted to try a 75 meter net again, 3980 KHz at 7 a.m. on Sundays.
- From the July Northwest Adventist Radio Amateur Newsletter, Gary Benton, N7UUR, writes from Guam. "At Adventist World Radio things have been going pretty smoothly. Have had a few transmitter problems, but nothing that kept us off the air very long. One morning we spent from 2 a.m.-10 a.m. troubleshooting, and finally found out a wire had burned through, disconnecting the filament power supply for one of the final tubes as well as causing another couple problems. Another evening about 4 1/2 hours was spent at a "diode party" where we replaced over \$400 worth of diodes (100 of them). It's encouraging to hear about the people whom our broadcasts have touched. In some places entire villages gather to listen to a single radio, and in other places, the broadcasts are taped, and the tapes circulated."
- Al Liske, KA7Z, is building a home on Mt. Scott in southeast Portland, Oregon. Earlier this spring Al called Edith Litvin, KA7MIF on simplex. He was calling from the roof of his house with a handy talkie and "rubber ducky" with a full quieting signal, a good 15 miles or more between. Quite a surprise!
- The third annual meeting of the Western Canada Adventist Radio Association met during campmeeting in July at the Hope Campgrounds in British Columbia. Two meetings were held to accommodate those who came to campmeeting only for the weekend. Hams came from Texas, Alberta, California, Washington, Oregon, and B.C. Current officers are: President, Jack Welsh, VE7PNN; Secretary-Treasurer, Harvey Johnson, VE7ZIT; and In Phase newsletter editor, Sid Kittner, VE7LLU.
- Sid Kittner, VE7LLU of British Columbia recently returned from his third trip to the Czech and Ukraine Republics, all within the past eight months. His 17 year old daughter, Shawna, went with him on this last trip. From the In Phase Sid says "Everything that seemed could go wrong, did go wrong. Two of our five checked bags were lost in London, one with all of Shawna's clothes for 6 weeks and the other containing many presents for our new Adventist believers. Then in the first hour in Prague, Shawna was robbed of all her money, which she had saved for months. We had visa problems, were bribed by customs officials in order to get our luggage cleared. There were border riots with beatings and killings, to the point we were warned by the embassy not to even enter one of the countries lest we not make it out again. We entered the country after 24 hours of prayer and discussion, and we were able to accomplish our mission. After two weeks, we both had an increased faith, God can work miracles."

From Ed Peterson, K3LJP...

Greetings to all AARA members. I hope all of you are keeping the air waves hopping.

It is great that the AARA is in good hands. We appreciate the good leadership of the Association as well as those who are keeping the networks healthy. And by the way, thanks to our good editor for such a terrific newsletter.

You may be interested to know that I have just delivered two complete stations to Mike Porter, WB0AJQ, to be taken to Moscow. Mike will be going to Russia to be one of the representatives for ADRA. One station will be set up at the division headquarters and will be operated by Ted Wilson, TU2NA, Division President. The other will be set up at the seminary outside of Moscow. It will be great when we begin to hear signals coming this way.

I need to know if you are interested in going to the General Conference Session to be held in the Netherlands in late June 1995. I expect to make a trip to Europe sometime in the near future to take care of some related items having to do with tours I am planning for the church's retirees. At that time, I will check on a site for a station and what will be required by the government for setting it up. I will also check on the rules for reciprocal licensing. Please drop me a note to let me know-

1. Would you (and spouse) be interested in attending the G.C. Session in the Netherlands in late June 1995?
2. Would you be interested in a tour before or after the session? (specify) This would be a tour to visit places of interest in Central Europe. Several European hams would like to host us for a short time on the tour.
3. Would you like information on reciprocal licensing for Holland? Perhaps info on this could be sent to you in a later issue of the newsletter.

I am working with a company that will put together an itinerary, customized to our needs. Cost? - I can't say, maybe a 16 day venture including air fare from New York or Washington, D.C. would be somewhere around \$1,800-\$2,100 - could be less. I will know much more after January 1 and will tell you through the newsletter. Just need an idea if there is enough interest to go ahead with arrangements.

August 2-6, 1994 - The COLORADO INTERNATIONAL PATHFINDER CAMPOREE- 10,000 pathfinders from all over North America will attend. The AARA has been invited to set up a station for amateur radio like we did at Camp Hale, Colorado a few years ago. Maybe you are part of a pathfinder club and would like to help with the radio set up. You can get in touch with Jim Hoffer or me to alert us of your availability. (Ed can be reached at: 2509 Buck Lodge Terrace, Adelphi, MD 20783)

Headlines From the Past...

30 Years Ago - 1963

- December 6, 1963 will be the first anniversary of the Adventist Radio Amateur Radio Net. We would like to celebrate this first anniversary with a world-wide roundup of Adventist amateurs on Thursday, December 5.

25 Years Ago - 1968

- Three large youth congresses were held in North America this spring. At each of these an amateur radio station was set up. At Atlanta, Georgia, WA4NTD, the station at Southern Missionary College, operated portable and made many fine contacts. At Dallas, Texas, WA5NRD was responsible and had a great time. At Long Beach, California, K6DTT with WA6ECC of the Voice of Prophecy was responsible, with 64 signing the register.

20 Years Ago - 1973

- WA8CZS, Everett Jackson is the 1972 QSO party winner.
- Job Tanamal, DV9MVC and Walt Bolinger, W7GXX, have just about finished with the construction of the station at Mountain View College in the Philippines.
- Ed Peterson, K3LJP, has been the editor of the AARN News Bulletin for more than 10 years.

10 Years Ago - 1983

- Tom Christian, VR6TC, the only radio operator on the island of Pitcairn, was made a member of the "British Empire" recently on Queen Elizabeth's Honors List. Christian was honored for public service performed as an amateur radio operator on behalf of the 43 residents on the island."
- Members of the local AARA in Phoenix responded to a request from the Arizona Conference to set up a communications system for use in the event of a disaster. A 2 meter ringo ranger and dipoles for 40 and 75 meters were erected at the Community Service Center. Antennas were also installed on the Community Service van.

5 Years Ago - 1988

- 10 year old Sandi Saunders, N4QLZ, of McDonald, Tennessee passed her extra class license on September 11. Immediately following her test, a local radio station interviewed Sandi. She commented "I feel real good, and I'm thankful that I don't have to practice anymore!"
